

DRAINAGE

Keeping you updated...

Our Product Focus Newsletter will keep Biometrix customers exposed to new products we have to offer, in addition to our current extensive line. Our goal is to increase your awareness of our broad range of products in Critical Care, Operating Rooms and Interventional Cardiology.

Biliary Drainage Catheter

Biliary drainage catheter designed for percutaneous drainage of biliary secretion.

Features and Benefits

- Hydrophilic coating and smooth catheter tip surface facilitates catheter introduction.
- Self retaining distal end and safety string lock provide strong fixation and prevent the catheter from sliding back.
- Large oval drainage holes increase drainage efficiency.
- Radiopaque band that defines the drainage area.
