

DRAINAGE

Keeping you updated...

Our Product Focus Newsletter will keep Biometrix customers exposed to new products we have to offer, in addition to our current extensive line. Our goal is to increase your awareness of our broad range of products in Critical Care, Operating Rooms and Interventional Cardiology.

Pigtail Drainage Catheter

Radiopaque drainage catheter designed for percutaneous drainage of abscess fluid and nephrostomy collections.

Features and Benefits

- Hydrophilic coating and smooth catheter tip surface facilitates catheter introduction.
- Self retaining distal end and safety string lock (when existing) provide strong fixation and prevent the catheter from sliding back.
- Large oval drainage holes increase drainage efficiency.
- Available in "One Step" or "Seldinger" Catheter placement

"One Step" Set Contents:

- 6Fr - 14Fr, 20cm-40cm Pigtail Drainage Catheter
- Trocar Needle
- Metal Stiffening Cannula
- Split Straightener
- * Optional with Flexible Stiffening Cannula and Safety String lock

"Seldinger" Set Contents:

- 6Fr - 14Fr, 20cm-40cm Pigtail Drainage Catheter
- Flexible Stiffening Canula
- Metal Stiffening Cannula
- Split Straightener
- Safety String Lock

Customized sets available with the following optional contents:

- Connecting tube with 3 way stopcock
- Scalpel
- Drainage bag
- Securement
